Volume: 06, Issue: 07		July 2025 (E-ISSN: 2582-9467)	
Sl. No.	Title of the Article	Author's Name	Page
1.	Awareness Report on Central Seed Act Programme for Adopted Seed Rearers of Udhampur District J&K (UT)	Amardev Singh*	1-3
2.	Understanding the Science and Art of Pruning in Forestry	Poornima M. J., Dr. B. Sivakumar, B. Lavanya and T. Sneha	4-7
3.	Preparation of Liquid Organic Manures in Natural Farming	D.V.S. Akshay*, B. Mounika and B. Rajyalakshmi	8-13
4.	Empowering farmers through Livestock Genetics under VKSA-2025	Amit Kumar* and Shraddha Dwivedi	14-20
5.	Understanding Spoilage in Canned Fish Products	Krishan Kumar Yadav*, Khushbu Gurawa, Sanjeev Sharma, Saswat Mohanty and Rishi Pal Yadav	21-27
6.	Reducing Loss, Increasing Worth: Post-Harvest Handling and Value Addition in Pulses	Samiksha Mohapatra*, Pragati Patra, Swikriti Dey and Swagatika Pradhan	28-32
7.	Horticulture Scenario in India: Challenges and Future Prospects	Vijayakumar J. S. *, Akshata Annasab Magadum and Gangadhara K. N	33-38
8.	The Miracle Millet: How Barnyard Millet Can Boost Your Health	Dibyajyoti Mohanty*, Dr. Usha Singh and Dr. Kumari Sunita	39-42
9.	Sorghum: The Smart Crop for a Smarter Future	Swagatika Pradhan*, Swikriti Dey, Pragati Patra and Samiksha Mohapatra	43-46
10.	The Agri-Data Boom: From Soil to Software	Kuna Chinna Rao*, Uppada Thanuja, Manab Kumar Mallick and Akhilesh Kumar Gupta	47-49
11.	Moringa Leaf Meal: A Sustainable Protein Source for Poultry Nutrition	Arun Kumar Panda* and Biswanath Sahoo	50-52
12.	The Impact of Rice Cultivation on Greenhouse Gas Emissions	Pritimayee Naik*	53-56
13.	Yellow Saffron Tree (Adina cordifolia): A Promising multipurpose tree Species for Commercial Cultivation	Dr. P. Kumar*, Dr. K. T. Parthiban, Dr. P. S. Devanand, Dr. M. Kiruba, Dr. P. Mangammal and Abisha Angelin J	57-60
14.	Biochar Amendment in Paddy Field: A Sustainable Way for Enhancing Crop Productivity	Dibyabharati Naik*	61-63
15.	Optimizing Location, Design, and Layout of Fish Canning Plants	Krishan Kumar Yadav*, Sanjeev Sharma, Rishi Pal Yadav, Khushbu Gurawa and Pallavi Bhalavey	64-70
16.	Silkworm Gut Microbes: Essential Contributors to Silk Production	J Komal, P.V. Dinesh Kumar* and H. Nadaf	71-73

17.	Khaya senegalensis: A Resilient Tree for Wasteland Reclamation	Dr. P. Kumar, Dr. M. Kiruba, Dr. P. Mangammal, Dr. M. Venkatesan, Abisha Angelin J and Dr. M. S. Aneesa Rani	74-77
18.	AI and IoT in Post-Harvest Management: A Smart Approach to Reducing Food Waste and Enhancing Sustainability	Visman Kour*, Neeraj Gupta, Priya Uday Shinde and Simran Kour	78-81
19.	Harnessing the Potential of Electroculture in Field Crops	Prajojita Rout*	82-85
20.	Factors affecting Milk Composition in Animals	Neelam Kumari* and Sudarshan Mahala	86-89
21.	Reimagining Agriculture: Trends in Technology Incubation and Sustainable Growth	Meenu*, Ananda K R and Sampreetha. H. N	90-93
22.	Natural Farming: A Game Changer for Small Holders	Meenu*, Ananda K R and Sampreetha. H. N	94-96
23.	Biofortification of Maize: A Sustainable Path to Combat Nutrient Deficiency	Nibedita Bihari*	97-100
24.	Conservation Meets Cultivation: Can We Feed the Planet and Protect It Too?	Sumanth, T. S.* and R. Krishnamurthy	101-103
25.	Early Detection and Enhanced Surveillance of Invasive Species Using eDNA-Based Strategies	S. Sangeetha, V. Subashini and Annam Pavan Kumar*	104-109
26.	Constraints of Ornamental Fisheries in India: A Path to Sustainable Growth	B. Nightingale Devi*, Basant Singh, Shashank Sharma and Reema Thakur	110-114
27.	Mother Knows Best: The Importance of Maternal Care in Piglets	Dr. Utsav Chaudhari*, Dr. Rajkumar Patel, Dr. Shailesh Purohit, Dr. Tinkal Damor and Dr. M. M. Islam	115-118
28.	Advanced Insights of Bio-Fertilizer Production Deploying the Microbiome	Abhishek Kumar*, Ranjan Kumar, Om Prakash Mishra and Kumar Sanu	119-123
29.	Mycorrhizae: Nature's Biofertilizer for Sustainable Agriculture	Sayantana Mandal*, Sritama Choudhury, Anurodh Kamathker and Argha Mandal	124-128
30.	Harnessing AI and Drones for Smarter, Sustainable Farming	Pranabesh Barman*, Pallavi Deka, Kapil Deb Nath, Pradip Rajbongshi, Chayanika Nath and Himadri Rabha	129-131
31.	Finger Millet: A Nutri-Cereal for Health and Innovation	Priyadarsini Dash*	132-134
32.	Unveiling the Silent Crisis: Loss of Organic Matter and the Road to Soil Extinction	Ankita Sharma*, Shivani Chauhan and Rakesh Sharma	135-138
33.	The Impact and Prevention of Eutrophication on Aquatic Life	Reeya Mondal, Jham Lal, Dushyant Kumar Damle* and Vijaylaxmi Sahu	139-142

34.	Microplastics in Agricultural Soils: A Silent Threat to Food Security and Soil Health	Rachitha, P. J.*, Sathish Ayyappa and Palani Renuka	143-145
35.	Zero Tillage: A Strategy to Conserve Soil Black Box	Tanisha Gangrade, Monika Kayasth* and Shaik Tabasum	146-150
36.	Aquaponics in Fisheries	Preeti Maurya and Kriti Kumari*	151-154
37.	Key Insights from the World Milk Day-2025 Webinar	Avi Pandey, Deepak Chand Meena* and Jyotshana Sinha	155-158
38.	The Emotional Lives of Farm Animals: Beyond Mere Livestock	Dr. Anshu Kumar*, Dr. Brijpal Singh, Dr. Harsh D. Patel, Dr. Priyanka Kumari and Dr. M. M. Islam	159-162
39.	Nutri-Cereals for Sustainable Assam: Transforming Food Systems through the Assam Millet Mission	Niharika Borbaruah, S.K. Srivastava and Nivedita Deka	163-165
40.	Growth of Nutritional Drinks post Globalization in India: A Shift in Consumer Psychology	Dr. Srikant. K*	166-168
41.	Nature's Antibiotics: Bacteriocins	Shivani Chauhan*, Himani Sharma, Arti Ghabru, Abhishek Thakur , Preeti Sharma and Bandana Kumari	169-174
42.	Application of eDNA Techniques for the Detection of Aquatic Pathogens	Vishal Soni*, Satendra Singh, Prabhutva Chaturvedi, Shubham Kanuajiya, Shrishti Sharma and Padmanabha A	175-181
43.	Irradiation: A Modern Fish Preservation Method	Kavita Hathile, Jitender Kumar Jakhar, Domendra Dhruve*, Khilesh Kumar and Laxmikant	182-185
44.	An Overview on Nutri-Cereals: From Food Security to Nutritional Security	Urmi Rout* and Ipsita Kar	186-191
45.	Tilapia Lake Virus (TiLV) Disease	Jay Vijay Mute, Shrutika Khushal Masram, Shilpkar Dipak Narwade and Arambam Ashwini Devi*	192-196
46.	Smart Agricultural Technologies: Sowing the Seeds of Sustainable Farming	Mohit Kumar*, Rahul Kumar, Shankar Lal Yadav, Rahul Meena and Deepak Meena	197-202
47.	Unveiling the Environmental Impact Assessment of Hydropower Projects on Riverine Ecosystems	Shruthi H U, Shubham Kanaujiya, Sujeet Kumar Rai, Amit Singh Kshatri, Shrishti Sharma, Pallavi Bhalavey* and Padmanabha A.	208-213
48.	Hedging the Monsoon: Understanding Rainfall-Based Derivatives	Indhushree A* and Saravana Kumar M	214-217
49.	Specialty Fertilizers for Efficient Nutrient Use in Agriculture	Muskan*, Dr. Narender K. Sankhyan, Dr. Jagriti Thakur and Akanksha	218-221
50.	Humic acid: A Promising Biostimulant for a Sustainable Future	Shaik Tabasum* and Tanisha Gangrade	222-225

51.	Sustainable Intensification of Agriculture: A Review of Eco-Friendly Technologies, Circular Inputs, and Socioeconomic Impacts: A Review	Abdul Tahir Khan and Diptanu Banik*	226-232
52.	Socioeconomic Impacts of Sustainable Agriculture: A Review of Practices, Inclusion, and Policy Frameworks in Developing Economies	Abdul Tahir Khan and Diptanu Banik*	233-238
53.	Migration and Agrarian Distress: A Case Study Approach	Abdul Tahir Khan and Diptanu Banik*	239-244
54.	Resilient and Sustainable Agriculture in the Circular Economy: A Socioeconomic Perspective on Transforming Rural Systems	Abdul Tahir Khan and Diptanu Banik*	245-248
55.	Agrobiodiversity Conservation for Food and Nutritional Security	Abdul Tahir Khan and Diptanu Banik*	249-260
56.	Climate-Smart Agriculture: Pathways to Resilient Farming Systems	Abdul Tahir Khan and Diptanu Banik*	261-267
57.	Closing the Loop: Review of Circular Economy Innovations in Agri-Food Systems and Their Role in Achieving SDGs	Abdul Tahir Khan and Diptanu Banik*	268-274
58.	Biochar Applications in Soil Health and Crop Productivity	Abdul Tahir Khan and Diptanu Banik*	275-282
